

IBM AS24G - System Operator Workshop for IBM i

 Präsenztraining

Dauer : 4 Tage (24 Stunden)

Nr. : 35924

Preis : 2.750,00 € netto

3.272,00 € inkl. 19 % MwSt.

Inhouse-Paket : Auf Anfrage

This course enables a new system operator to develop basic to intermediate level skills needed for day-to-day operations of the Power i system and IBM i.

Specifically, the course explains how to:

Use the online help and references

Send, display, and reply to messages

Monitor and control jobs, devices, and job and output queues

Start and stop the system

Create and change user profiles

Use authorization lists and group profiles

Manage system configuration

Save and restore objects, libraries, and the system

Monitor job and history logs

Diagnose a system problem

Order, receive, and apply PTFs

Perform all of these functions using a 5250 emulation session

as well as System i Navigator and Systems Director Navigator for IBM i Hands-on exercises reinforce the lecture topics and prepare the student to successfully operate a Power i system.

Wer sollte teilnehmen:

Zielgruppe

This course is intended for the person who has responsibility for daily system operations.

It is not intended for technical audiences who are seeking an in-depth look at how the Power i works.

Voraussetzungen

There are no prerequisites for this course.

Trainingsprogramm

Day 1:

Unit 1: Power i and IBM i concepts and overview

Unit 2: Reference material and support

Unit 3: Overview of 5250 emulation and help

Exercise 1: Using the keyboard and system displays

Unit 4: Overview of System i Navigator

Exercise 2: Overview of System i Navigator

Unit 5: Overview of Systems Director Navigator for IBM i

Exercise 3: Overview of Systems Director Navigator for IBM i

Unit 6: Messaging concepts

Unit 7: Messaging using 5250 emulation

Exercise 4: Messages using 5250 emulation

Unit 8: Messaging using System i Navigator

Exercise 5: Messages using System i Navigator

Unit 9: Messaging using Systems Director Navigator for IBM i

Exercise 6: Messages using Systems Director Navigator for IBM i

Unit 10: CL command concepts

Unit 11: CL commands using 5250 emulation

Unit 12: Concepts: Object, library, and the IFS

Day 2:

Unit 13: Object management using 5250 emulation

Exercise 7: Object management using 5250 emulation

Unit 14: Object management using System i Navigator

Exercise 8: Object management using System i Navigator

Unit 15: Object management using Systems Director Navigator for IBM i

Exercise 9: Object management using Systems Director Navigator for IBM i

Unit 16: Introduction to work management

Unit 17: Work management using 5250 emulation

Exercise 10: Work management using 5250 emulation

Exercise 11: Work management using System i Navigator

Exercise 12: Work management using Systems Director Navigator for IBM i

Unit 18: Job control using 5250 emulation

Exercise 13: Job control using 5250 emulation

Unit 19: Job control using System i Navigator

Exercise 14: Job control using System i Navigator

Unit 20: Job control using Systems Director Navigator for IBM i

Exercise 15: Job control using Systems Director Navigator for IBM i

Unit 21: Print concepts

Unit 22: Print control using 5250 emulation

Exercise 16: Print control using 5250 emulation

Day 3:

Unit 23: Print control using System i Navigator

Exercise 17: Print control using System i Navigator

Unit 24: Print control using Systems Director Navigator for IBM i

Exercise 18: Print control using Systems Director Navigator for IBM i

Unit 25: Starting and stopping the system

Exercise 19: System values using 5250 emulation

Exercise 20: System values using System i Navigator

Exercise 21: System values using Systems Director Navigator for IBM i

Unit 26: System security concepts

Unit 27: System security using 5250 emulation

Exercise 22: System security using 5250 emulation

Unit 28: System security using System i Navigator

Exercise 23: System security using System i Navigator

Unit 29: System security using Systems Director Navigator for IBM i

Exercise 24: System security using Systems Director Navigator for IBM i

Unit 30: System configuration overview

Unit 31: Configuration using 5250 emulation

Unit 32: Configuration using System i Navigator

Unit 33: Configuration using Systems Director Navigator for IBM i

Exercise 25: Managing your system configuration

Day 4:

Unit 34: Save concepts

Unit 35: Save using 5250 emulation

Exercise 26: Save using 5250 emulation

Unit 36: Save using System i Navigator

Exercise 27: Save using System i Navigator

Unit 37: Save using Systems Director Navigator for IBM i

Unit 38: Restore concepts and overview

Exercise 28: Restore using 5250 emulation

Exercise 29: Restore using System i Navigator

Unit 39: Problem determination using 5250 emulation

Exercise 30: Problem determination

Unit 40: Problem determination using System i Navigator

Unit 41: Overview of the PTF process

Unit 42: PTFs using 5250 Emulation

Unit 43: PTFs using System i Navigator

Unit 44: Class summary

Schulungsmethode

presentation, discussion, hands-on exercises, demonstrations on the system

Hinweis

Class language is German, student notebooks in English.
